# Paine's Celery Compound

Was Her Deliverer from Nervous Prostration, Insomnia, Mental Depression, and Weakness of Her Digestive

A Spicial Message of Comfort for Sick and Despondent

Women.

Organism.

Mrs. F. L. Bernhardt, 382 Newbury St., Boston, Mass., found herself in an other sufferers, is as follows:

"It is with a feeling of extreme gratitude and thankfulness and a human desire to benefit others, that I write out my owne experience in the use of Prof. Edward E. Phelpa' wonderful Union preparation, called Paine's Celery Compound. Owing to a fall from a horse several years ago I became a nervous invalid, and last year I entered a hospital where I was operated upon by a famous New York surgeon.

"The surgical operation was successful, but nervous prostration followed. A summer in Newport with the best medical attendance falled to restore my nerves to their normal condition. I was absolutely unable to digest any food, and this weak condition of my digestive organs, combined with innsomnia, caused the deepest depression. A constant tenderness and soreness in the region of my stomach with a dull headache and extreme weakness, created a feeling of helplessness from which I was unable to rise. "It was in this melancholy frame of mind that I chanced to meet a Boston lawyer who said to me. 'I was in almost the condition that you are now n, and after spending hundreds of dollars without receiving any benefit I was induced by a friend to give Paine's Celery Compound a trial, which I did, and it cured me completely when everything else had failed."

"I was rather skeptiacl about trying patent medicine, but I ordered a bottle from my druggist and began to take if according to directions. Much to my surprise, I slept soundly at night, and did not awake in the mornsolid food, and soon I was able to digest a course dinner without any unpleasant sensations. I am now com-
